

MATH 308 Assignment 22: Father-Son Heights

Nakul Joshi

May 1, 2014

$$\hat{\alpha} = 33.88660$$

$$\hat{\beta} = 0.51409$$

$$S = 2.437$$

$p = 2.2 \times 10^{-16}$. The low p -value allows us to reject the null hypothesis.
